

CHIPOTLE ANNOUNCES THIRD QUARTER 2022 RESULTS

OPERATING INCOME INCREASES 40.3% AND COMPARABLE RESTAURANT SALES INCREASE 7.6% AS MARGINS EXPAND

NEWPORT BEACH, Calif., Oct. 25, 2022 [/PRNEWswire/](#) -- Chipotle Mexican Grill, Inc. (NYSE: CMG) today reported financial results for its third quarter ended September 30, 2022.

Third quarter highlights, year over year:

- Total revenue increased 13.7% to \$2.2 billion
- Comparable restaurant sales increased 7.6%
- In-restaurant sales increased 22.1%, while digital sales¹ represented 37.2% of food and beverage revenue
- Operating margin was 15.1%, an increase from 12.3%
- Restaurant level operating margin was 25.3%², an increase of 180 basis points
- Diluted earnings per share was \$9.20, a 28.1% increase from \$7.18. Adjusted diluted earnings per share, which excluded a \$0.31 after-tax impact from expenses related to an employee separation, impairment of certain corporate and restaurant assets, corporate restructuring, and expenses related to the 2018 performance share COVID-19 related modification, was \$9.51, a 35.5% increase from \$7.02²
- Opened 43 new restaurants with 38 locations including a Chipotlane

"Our performance in the third quarter confirms our brand and value proposition remain strong, even during a challenging economic environment" said Brian Niccol, Chairman and CEO, Chipotle. "With consumer discretionary spending tightening, we are focused on running great restaurants and delivering excellent customer and employee experiences."

Results for the three months ended September 30, 2022:

Total revenue in the third quarter was \$2.2 billion, an increase of 13.7% compared to the third quarter of 2021. The increase in total revenue was driven by a 7.6% increase in comparable restaurant sales and new restaurant openings. Our in-restaurant sales increased 22.1% in the three months ended September 30, 2022, as compared to the three months ended September 30, 2021, while digital sales represented 37.2% of total food and beverage revenue.

We opened 43 new restaurants during the third quarter with 38 locations including a Chipotlane. These formats continue to perform very well and are helping enhance guest access and convenience, as well as increase new restaurant sales, margins, and returns.

Food, beverage and packaging costs in the third quarter were 29.8% of total revenue, a decrease of 50 basis points compared to the third quarter of 2021. The benefit of menu price increases were partially offset by inflation across the menu primarily due to higher costs for dairy, packaging, tortillas and avocados.

Restaurant level operating margin was 25.3%, an increase from 23.5% in the third quarter of 2021. The increase was primarily due to the benefit of sales leverage and, to a lesser extent, lower delivery fees associated with a lower volume of delivery transactions, partially offset by higher food costs and increases in hourly wages.

General and administrative expenses for the third quarter were \$140.9 million on a GAAP basis, or \$135.6 million² on a non-GAAP basis, excluding \$3.5 million of employee separation costs, \$1 million related to corporate restructuring, and \$0.8 million for a COVID-19 related modification to our 2018 performance shares made in December 2020. GAAP and non-GAAP general and administrative expenses for the third quarter of 2022 also include \$114.9 million of underlying general and administrative expenses, and \$21.4 million of non-cash stock compensation.

The GAAP effective income tax rate was 24.4% for the third quarter, which increased from 14.7% in the third quarter of 2021, primarily due to a decrease in tax benefits related to option exercises and equity vesting, and to a lesser extent a larger return to provision tax benefit recorded in the third quarter of 2021 as compared to the third quarter of 2022.

Net income for the third quarter was \$257.1 million, or \$9.20 per diluted share, an increase from \$204.4 million, or \$7.18 per diluted share, in the third quarter of 2021. Excluding the after-tax impact of expenses related to employee separation costs, impairment of certain corporate and restaurant assets, corporate restructuring, and expenses related to the 2018 performance share modification, adjusted net income was \$265.8 million² and adjusted diluted earnings per share was \$9.51².

During the third quarter, our Board of Directors approved the investment of up to an additional \$200 million, exclusive of commissions, to repurchase shares of our common stock, subject to market conditions. Including this repurchase authorization, \$412.8 million was available as of September 30, 2022. The repurchase authorization may be modified, suspended, or discontinued at any time. We repurchased \$106.9 million of stock at an average price per share of \$1,437.87 during the third quarter.

More information will be available in our Quarterly Report on Form 10-Q, which will be filed with the SEC by the end of October.

Outlook

For 2022, management is anticipating the following:

- Fourth quarter comparable restaurant sales growth in the mid to high-single digits
- Between 235 to 250 new restaurant openings (including 10 to 15 relocations to add a Chipotle), which assumes construction, permit and material supply delays don't worsen
- An estimated underlying effective full year tax rate between 25% and 27% before discrete items

For 2023, management is anticipating the following:

- 255 to 285 new restaurant openings

Definitions

The following definitions apply to these terms as used throughout this release:

- **Comparable restaurant sales, or sales comps, and comparable restaurant transactions**, represent the change in period-over-period total revenue or transactions for restaurants in operation for at least 13 full calendar months.
- **Average restaurant sales** refer to the average trailing 12-month food and beverage revenue for restaurants in operation for at least 12 full calendar months.
- **Restaurant level operating margin** represents total revenue less direct restaurant operating costs, expressed as a percent of total revenue.
- **Digital sales** represent food and beverage revenue generated through the Chipotle website, Chipotle app or third-party delivery aggregators. Digital sales includes revenue deferrals associated with Chipotle Rewards.
- **In-restaurant sales** represent food and beverage revenue generated on-premise. In-restaurant sales includes revenue deferrals associated with Chipotle Rewards.

Conference Call Details

Chipotle will host a conference call on Tuesday, October 25, 2022, at 4:30 PM Eastern time to discuss third quarter 2022 financial results as well as provide a business update for the fourth quarter 2022.

The conference call can be accessed live over the phone by dialing 1-888-317-6003, or for international callers by dialing 1-412-317-6061, and use code: 8800833. The call will be webcast live from the company's website on the investor relations page at ir.chipotle.com/events. An archived webcast will be available approximately one hour after the end of the call.

About Chipotle

Chipotle Mexican Grill, Inc. (NYSE: CMG) is cultivating a better world by serving responsibly sourced, classically-cooked, real food with wholesome ingredients without artificial colors, flavors or preservatives. Chipotle had nearly 3,100 restaurants as of September 30, 2022, in the United States, Canada, the United Kingdom, France and Germany and is the only restaurant company of its size that owns and operates all its restaurants. Chipotle is ranked on the Fortune 500 and is recognized on the 2022 list for Fortune's Most Admired Companies. With over 100,000 employees passionate about providing a great guest experience, Chipotle is a longtime leader and innovator in the food industry. Chipotle is committed to making its food more accessible to everyone while continuing to be a brand with a demonstrated purpose as it leads the way in digital, technology and sustainable business practices. For more information or to place an order online, visit WWW.CHIPTOLE.COM.

Forward-Looking Statements

Certain statements in this press release and in the October 25, 2022, conference call are forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, including statements under "Outlook" about our goals for number of future Chipotle restaurants, restaurants with Chipotlanes and rate of expansion, future comparable restaurant sales growth, future estimated tax rates, future cash flow, and future long-term prospects. We use words such as "anticipate", "believe", "could", "should", "may", "approximately", "estimate", "expect", "potential", "intend", "project", "encouraged", "target", and similar terms and phrases, including references to assumptions, to identify forward-looking statements. The forward-looking statements in this press release are based on currently available operating, financial and competitive information available to us as of the date of this release and we assume no obligation to update these forward-looking statements. These statements are subject to risks and uncertainties that could cause actual results to differ materially from those described in the statements, including but not limited to: uncertainty regarding the duration and severity of the ongoing COVID-19 pandemic, the resurgence of COVID-19 infections, the circulation of novel variants of COVID-19 and its ultimate impact on our business, including supply chain disruptions and difficulties in acquiring restaurant equipment, impact on guest traffic, restaurant sales and operating costs and the ability of our third-party suppliers and business partners to fulfill their responsibilities and commitments; increasing wage inflation and the competitive labor market, which impacts our ability to attract and retain qualified employees and has resulted in occasional staffing shortages; the impact of any union organizing efforts and our responses to such efforts; increasing supply costs (including beef, avocados and packaging); risks of food safety incidents and food-borne illnesses; risks associated with our reliance on certain information technology systems and potential material failures or interruptions; privacy and cyber security risks related to our acceptance of electronic payments or electronic processing of confidential customer or employee information, including through our digital app; the impact of competition, including from sources outside the restaurant industry; the financial impact of increasing our average hourly wages; the impact of federal, state or local government regulations relating to our employees, employment practices, restaurant design and construction, and the sale of food or alcoholic beverages; our ability to achieve our planned growth, such as the availability of suitable new restaurant sites and the availability of construction materials and contractors; increases in ingredient and other operating costs due to our Food With Integrity philosophy, tariffs or trade restrictions and supply shortages; the uncertainty of our ability to achieve expected levels of comparable restaurant sales due to factors such as changes in consumers' perceptions of our brand, including as a result of actual or rumored food safety concerns or other negative publicity, decreased consumer spending (including as a result of the increase in inflation, fear of possible recession and higher gas prices), or the inability to increase menu prices or realize the benefits of menu price increases; risks associated with our increased focus on our digital business, including risks arising from our reliance on third party delivery services; risks relating to litigation, including possible governmental actions related to food safety incidents and potential class action litigation regarding employment laws, advertising claims or other matters; and other risk factors described from time to time in our SEC reports, including our annual report on Form 10-K and quarterly reports on Form 10-Q, all of which are available

on the investor relations page of our website at ir.Chipotle.com.

- ¹ Refer to definition of digital sales below. We updated the definition of digital sales in the first quarter of 2022 to include revenue deferrals related to Chipotle Rewards. We made this change to allow for a reconciliation to total food and beverage revenue as we now present In-restaurant sales.
- ² Restaurant level operating margin, adjusted diluted earnings per share, adjusted net income, non-GAAP general and administrative expenses, and non-GAAP effective income tax rate are non-GAAP financial measures. Reconciliations to GAAP measures and further information are set forth in the table at the end of this press release.

(1) Average restaurant sales, excluding delivery menu price differential ("MPD") represents average restaurant sales, as defined above, adjusted to remove the impact of higher menu prices for delivery. This is intended to illustrate our underlying food and beverage sales per restaurant.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

The following tables provide a reconciliation of non-GAAP financial measures presented in the text above to the most directly comparable financial measures calculated and presented in accordance with GAAP.

Adjusted net income is net income excluding expenses related to restaurant asset impairment, corporate restructuring, legal proceedings, stock-based compensation modification expense, unrealized gains on equity investments, separation costs, and certain other costs. Adjusted general and administrative expense is general and administrative expense excluding transformation expenses, legal proceedings, stock-based compensation modification expense, separation costs, and certain other costs. The adjusted effective income tax rate is the effective income tax rate adjusted to reflect the after tax impact of non-GAAP adjustments. Restaurant Level Operating Margin, a non-GAAP financial measure, is equal to the revenues generated by our restaurants less their direct operating costs which consist of food, beverage and packaging, labor, occupancy and other operating costs. This performance measure primarily includes the costs that restaurant level managers can directly control and excludes other costs that are essential to conduct our business. Management uses restaurant level operating margin as a measure of restaurant performance. Management believes restaurant level operating margin is useful to investors in that it highlights trends in our core business that may not otherwise be apparent to investors when relying solely on GAAP financial measures. We present these non-GAAP measures in order to facilitate meaningful evaluation of our operating performance across periods. These adjustments are intended to provide greater transparency of underlying performance and to allow investors to evaluate our business on the same basis as our management, which uses these non-GAAP measures in evaluating the company's performance. Our adjusted net income, adjusted diluted earnings per share, adjusted general and administrative expenses, adjusted effective income tax rate and restaurant level operating margin measures may not be comparable to other companies' adjusted measures. These adjustments are not necessarily indicative of what our actual financial performance would have been during the periods presented and should be viewed in addition to, and not as an alternative to, our results prepared in accordance with GAAP. Further details regarding these adjustments are included in the tables below.

Adjusted diluted earnings per share	\$ 9.51	\$ 7.02

- (1) Operating lease asset impairment charges and other expenses for restaurants due to closures, relocations, or underperformance.
- (2) Duplicate rent expense for the corporate headquarter relocation and office consolidation announced in May 2018 and rent expense for closed restaurants announced in June 2018.
- (3) Costs for recruitment, relocation costs, third party and other employee-related costs.
- (4) Charges for a COVID-19 related modification made in December 2020 to our 2018 performance shares.
- (5) Expenses related to an employee separation, which consist of incremental compensation costs net of forfeitures of stock-based compensation.
- (6) For the three months ended September 30, 2022, other adjustments consist of impairment charges for certain corporate assets of \$961. For the three months ended September 30, 2021, other adjustments consist of consulting fees associated with the calculation of our non-recurring tax benefit.
- (7) Adjustments relate to the tax effect of non-GAAP adjustments, which were determined based on the nature of the underlying non-GAAP adjustments and their relevant jurisdictional tax rates.
- (8) Primarily relates to the tax benefit from the federal net operating loss generated on our federal income tax return and carried back to prior years. The tax benefit is due to the federal income tax rate differential between the 2021 and 2020 rate of 21% and the 2015-2017 rate of 35%.
